**Atshaya N**

Data Analyst Intern

NatWest  
Group

“

During my summer internship at NatWest as data analyst in the internal audit department, I was given an opportunity to analyse the impact of data analytics tools and solution in the internal audit process. I gained hands-on experience with tableau enhancing my skill in data visualisation and trend analysis. This project deepened my understanding on how the data analytics tools and solutions could aid in internal audit process and also how it improves the efficiency and accuracy of the internal audit process. I learned to formulate a strategy to collect data, derive insights from it and also identify key metrics. Looking ahead, I aim to leverage these skills and contribute to data centric decision making in my future career.
